

Stay Clean, Win Right

ANTI-DOPING
AGENCY
OF KENYA

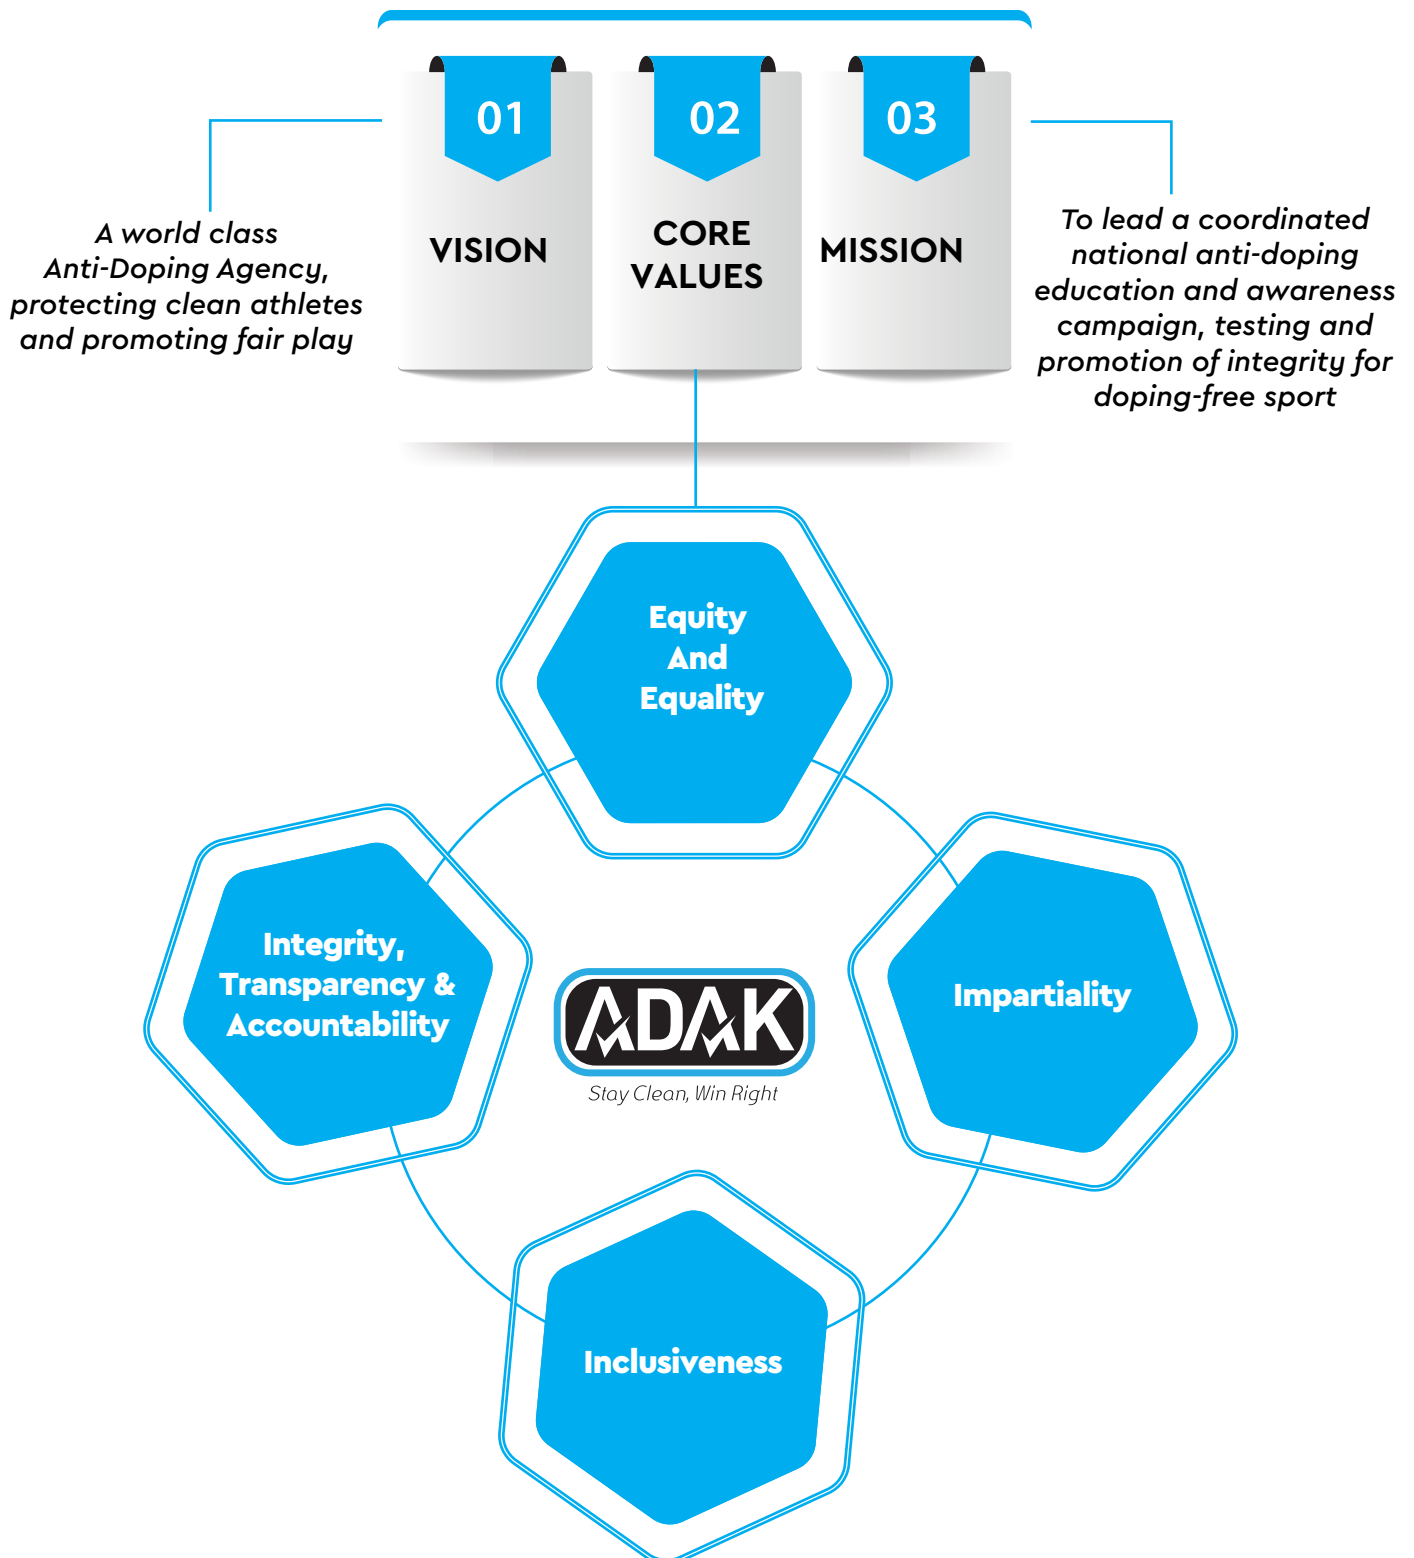

ANNUAL REPORT

2021-2022

WHO WE ARE

The Anti-Doping Agency of Kenya (ADAK) is a body corporate established under the Anti-Doping Act, 2016. The Agency is the only organization permitted to carry out Anti-Doping activities in Kenya and its authority shall be recognized by all national federations

ADAK BACKGROUND

Kenya is a signatory to the 2005 UNESCO Convention against Doping in Sports. Article 5 of the Convention states that, "In abiding by the obligations contained in this convention, each State Party undertakes to adopt appropriate measures. Such measures may include legislation, regulation, policies or administrative practices".

In addition to the above, Article 22 of the World Anti-Doping Code 2015 further specified that each Government will put in place measures to enhance cooperation and sharing of information and data with Anti-Doping Organizations as provided in the Code.

It is against this background that the Government of Kenya established the Anti-Doping Agency of Kenya (ADAK) vide Anti-Doping Act No. 5 Of 2016 as a State Corporation. In 2011, the Ministry of Sports together with the National Olympic Committee of Kenya (NOCK) formed what was called the Kenya Anti-Doping Agency (KADA). The establishment of KADA enabled Team Kenya to participate in the 2012 London Olympics. However, KADA lacked legal backing hence it was not sustainable. As a short-term measure, His Excellency the President established the Anti-Doping Agency of Kenya (ADAK) through an Executive Order of November 2015.

The Executive Order was followed by a Legal Notice No.256 of 24th December 2015. Even then all those measures did not meet World Anti- Doping Agency (WADA) requirement of establishing a National Anti-Doping Organization (NADO). Thus the Anti- Doping Agency of Kenya (ADAK) was legally established through an Act of Parliament after the enactment of the Anti-Doping Bill to an Anti- Doping Act, No.5 on 22nd April 2016.

Since its establishment ADAK has conducted sensitization and awareness campaigns that were conducted during various anti-doping outreach and workshop activities. In addition, numerous doping tests have been carried out among athletes from various sports disciplines and levels. The Agency has also trained adequate numbers of Anti-Doping Educators, Doping Control Officers and Chaperones and Phlebotomists who work on volunteer basis.

MESSAGE FROM THE ACTING CHIEF EXECUTIVE OFFICER

SARAH SHIBUTSE

ADAK is now marking close to six years since establishment in the year 2016 through the Anti-Doping Act of 2016. Our resolve is and will always be to stay competitive and innovative in a fast-changing world of sport and to prepare our champions by investing in their skills, in their ability to adapt to change, and to innovate without having to resort to cheating and dishonesty.

The Agency continues to benefit a lot from goodwill from Kenya's political leadership, the Kenyan public at large, as well as, guidance and support from international partnerships. The World Anti-Doping Agency (WADA), Anti-Doping Norway (ADNO), United Kingdom Anti-Doping (UKAD), and the Regional Anti-Doping Organization (RADO, Africa Zone V) have been on hand all

along the way with support on best practices, capacity building and other related backing.

Internally, we continue to work with other Government Agencies and bodies whose processes impact directly and indirectly on the operational mandate of ADAK. These include, but are not limited to, the Directorate of Criminal Investigations (DCI) of the Kenya Police Service; particularly the Anti-Narcotics unit, The Department of Immigration, The Kenya Medical Practitioners and Dentists Council (KMPDC), Kenya Pharmacy and Poisons Board (KPPB) and the National Registration Bureau among others.

Operational documents and protocol have been, and continue to be, developed to protect information and materials shared with these bodies.

A busy year it has been whose highlights include the United Nations Educational, Scien-

tific and Cultural Organization (UNESCO) International Conference against Doping in Sport and the progressive partnership meeting between ADAK and the National Anti-Doping Agency of Ghana that seeks to establish a NADO and enhance Ghana's competencies in the anti-doping program.

ADAK also ensured that Kenyan athletes participating at major events – the 2020 Tokyo Olympics, the Deaflympics held in Brazil, the World Athletics Senior Championships held in Eugene and the Birmingham 2022 Commonwealth Games – did so clean after undergoing various anti-doping education sessions and doping control tests. In all these, ADAK gave a good account of itself, even as it continues to enhance its capacity through competitive recruitment of Staff and training of the personnel to achieve the required level of competence.

Ag. Chief Executive Officer Ms. Sarah Shibutse shakes hands with Dr. Nana Ayew Afriye from Ghana after the partnership agreement signing between ADAK and the National Anti-Doping Committee of Ghana.

Ag. Chief Executive Officer Ms. Sarah Shibutse (centre) poses for a group photo with officers from the Kenya Society of the Blind (KSB) led by their Executive Director Mr. Samson Waweru when they paid her a courtesy call at ADAK offices in Nairobi on May 26th.

SUMMARY OF TESTS

FIRST QUARTER

(July - September)

No.	Description	OOCT	ICT
1.	URINE	53	41
2.	URINE & ABP	47	-
3.	BLOOD	-	-
TOTAL		141	

SECOND QUARTER

(October - December)

No.	Description	OOCT	ICT
1.	URINE	78	66
2.	URINE & ABP	70	6
3.	BLOOD	1	-
TOTAL		221	

THIRD QUARTER (January - March)

1.	URINE	TDP	153	77
		WORLD CHAMPIONSHIPS	23	
2	URINE & ABP		12	
3	BLOOD & URINE		21	
TOTAL				286

FOURTH QUARTER (April - June)

No.	Description	Activity	OOCT	ICT
1.	URINE	TDP	88	39
		DEAFLYMPICS	134	-
		COMMONWEALTH	113	-
		WORLD CHAMPIONSHIPS	70	-
2.	URINE & ABP	TDP	58	-
		WORLD CHAMPIONSHIPS	13	-
		COMMONWEALTH	8	-
3.	BLOOD & URINE		-	-
TOTAL				588

Highlight of the the 21st edition of the Kenya Clinical Officers Association (KCOA) annual conference when ADAK anti-doping education and research team hosted the Cabinet Secretary for Health – Hon. Mutahi Kagwe, EGH at the ADAK exhibition booth.

Former ADAK Chief Executive Officer Mr. Japhter K. Rugut, EBS (center) together with Dr. Agnes Mandu, Dir. Anti-Doping Education and Research pose for group photo with the beneficiaries of the World Anti-Doping Agency (WADA) Funded Social Science Research Projects for 2021 who paid him a courtesy call at the Agency's offices in Nairobi.

THERAPEUTIC USE EXEMPTION

THERAPEUTIC USE EXEMPTION APPLICATIONS FOR THE FINANCIAL YEAR 2021/2022

Total applications received – 3

Applications Reviewed – 3

Applications Rejected – 2

*** One application was reviewed and the committee concluded that the athlete did not require a TUE**

A man in a light blue polo shirt with "ANTI-DOPING EDUCATOR" printed on the back is leaning over a green table, interacting with a group of young men. The man has short dark hair, wears glasses, and a black belt. The young men are sitting at the table, looking towards the educator. One man in the foreground wears a white jacket and a colorful beaded bracelet. The background shows a room with orange curtains and other people.
